**“Taking the South African
Steel Works and Fabrication Industry
into a new era”**

INTRODUCTION

Sama Steel Works & Fabrications is a 100% black-owned and managed steel works and fabrication company.

It was established in 2021 with the sole purpose of creating beautifully crafted products and to be distinguished by the way we deliver.

Since then, the company has ascertained a strong reputation for delivering high quality crafted products that perfectly suit the security, needs and visual expectations of the client.

WHAT THE COMPANY DOES:

Sama Steel works and Fabrications is a producer of commercial, industrial and domestic steel and wood fabrication, security, engineered steel and basic construction. The products range from equipment and precision engineering on heavy duty hydraulic components, steel structures, balustrades, security enhancements, carports and staircases. For a full list of the services please see list below and attached pictures.

VISION. MISSION

VISION:

To be a trusted leader in steel fabrication, delivering structurally sound, innovative, and precision-engineered solutions that shape lasting infrastructure and industries.

MISSION:

To design, fabricate, and deliver high-quality steel solutions through skilled craftsmanship, advanced technology, and strict safety standards—while building long-term partnerships with our clients through reliability, integrity, and excellence.

CORE VALUES

1. Safety First

We prioritise the safety of our people, clients, and communities in every process, decision, and site operation.

2. Quality & Precision

We are committed to superior workmanship, accurate fabrication, and materials that meet or exceed industry standards.

3. Integrity

We conduct our business with honesty, transparency, and accountability—doing what we say and standing by our work.

4. Reliability

We deliver on time, every time, with consistent performance our clients can depend on.

5. Innovation

We embrace modern fabrication techniques, technology, and continuous improvement to deliver smarter steel solutions.

6. Customer Partnership

We collaborate closely with our clients to understand their needs and deliver practical, cost-effective results.

7. Sustainability

We strive to minimise waste, use resources responsibly, and contribute positively to the environment and local economy.

PRODUCTS AND SERVICES

STEEL STRUCTURES:

Frame Structures, Portal Frames, Truss Structures & Grid Structures

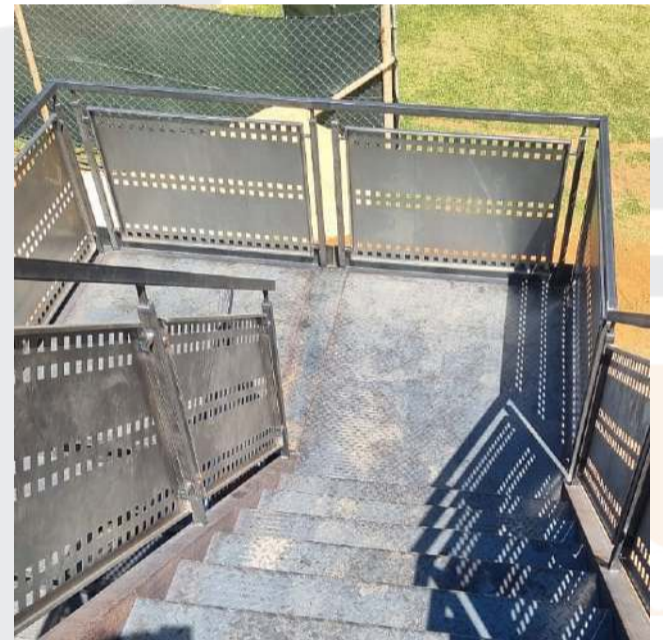

ALL TYPES OF WELDING

Gas Metal Arc, Gas Tungsten Arc, Shielded Metal Arc, & Flux-Cored

STEEL BALUSTRADE:

Glass Balustrades, Cable Balustrades and Mesh Balustrades

BURGLAR BARS:

Fixed Steel, Retractable, and Decorative, Custom-Designed Options

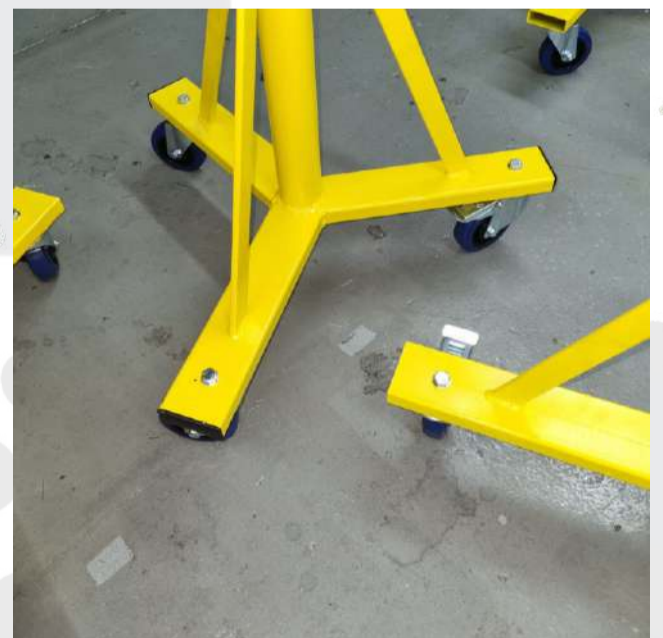

HEARSE TRAILERS:

Hearse Trailers that can be customized to your specifications

STEEL WORKS:

Drawing, Bending, Air Bending, Bottoming, Blanking and Coining, etc.

PRODUCTS AND SERVICES

CARPORTS AND SHADE:

Freestanding, Attached, Portable, flat-roof IBR sheeting carports, shadecloth canopies, and steel-framed designs

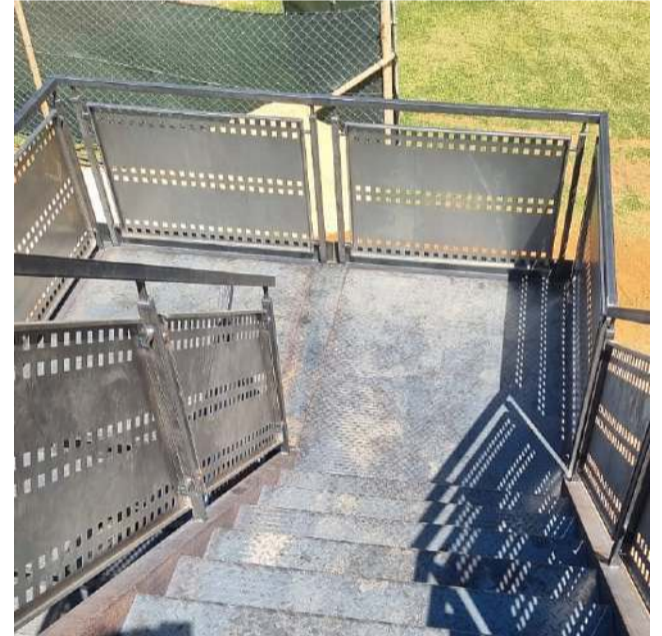

STEEL STAIRS:

Frame Structures, Truss Structures, Portal Frames, and Grid/Space Structures

STEEL BALUSTRADE:

Standard, Mild, Steel Balustrades, Stainless Steel Wire, Mesh and Glass Balustrades.

PALISADE FENCE:

Triple Pointed, Single Pointed, Round Palisade Triple Pointed and Seven Spikes Palisade Head. All Painted...

ENGINEERED STEEL PRODUCTS:

Carbon, Alloy, Stainless, & Tool Steel, shapes such as plates, sheets, strips, rods, bars, and tubing.

HYDRAULIC COMPONENTS:

Gear Pumps, Piston Pumps, Vane Pumps, Hydraulic Cylinders, Hydraulic Motors, Pressure Control Valves, Flow Control Valves etc...
